SHANDONG JIACHENG CHEMICAL FIBER PRODUCTS CO., LTD

Since 1997, ShanDong JiaCheng Chemical Fiber Products Co. Ltd has been a leading manufacturer of knitted knotless plastic net(such as Debris netting ,Shade net , Shade Sail, Hail netting , Anti-bird net , Olive net ,Privacy Screen, Fishing farming net etc).

Factory Profile

SHANDONG JIACHENG CHEMICAL FIBER PRODUCTS CO. LTD is a professional and leading manufacturer engaged in the production , research, development and sales of high-performance warp knitting plastic nets. Our factory is located in Zhanjia Industrial Park, Shanghe County, Jinan City, Shandong Province China, covering an area of approximately 20,000 square meters and equipped with modern production equipment and a top-notch technical team.

We focus on the production of plastic nets, including construction safety nets, hail net, shade nets, shade sails, olive nets, bird nets privacy screen, weed barrier fabric, wind barrier nets, aquaculture nets and other warp knitting products. We have advanced production processes and technologies that support customization of plastic nets in various specifications, colors, and processes. As an enterprise driven by innovation, we have a high-quality research and development team that continuously develops and manufactures new products to meet the ever-changing demands of our customers. We place great emphasis on product quality and technological innovation and have obtained BSCI and ISO14001 to ensure the safety and stability of product quality and production environment.

Our products have been exporting to North America and South America , Europe, the Middle East, Asia, Africa and other countries , receiving high praise and recognition from customers. We will continue to improve product quality and service levels, providing customers with the highest quality products and services.

Debris netting

- High density knitted polyethylene mesh netting (100% virgin HDPE)
- 1/4" mesh hole opening
- Fire-Retardant: Meets NFPA 701 Method II
- Edges & reinforced for easy installation
- Will not unravel when cut
- Stays flexible in cold weather
- Any color is available .

Colors (customize any color)

Applications

- Guardrail debris protection
- Scaffolding enclosure
- Construction building enclosure
- Industrial plant & refinery maintenance
- Demolition containment
- Safety fence, barrier net, snow fence

Debris netting/Scaffolding net

- High density knitted polyethylene mesh netting (100% virgin HDPE)
- 1/8" ,1/16" mesh hole opening
- Fire-Retardant: Meets NFPA 701 Method II
- Reinforced eyelet holes for fastening
- Will not unravel when cut
- Stays flexible in cold weather

Colors (customize any color)

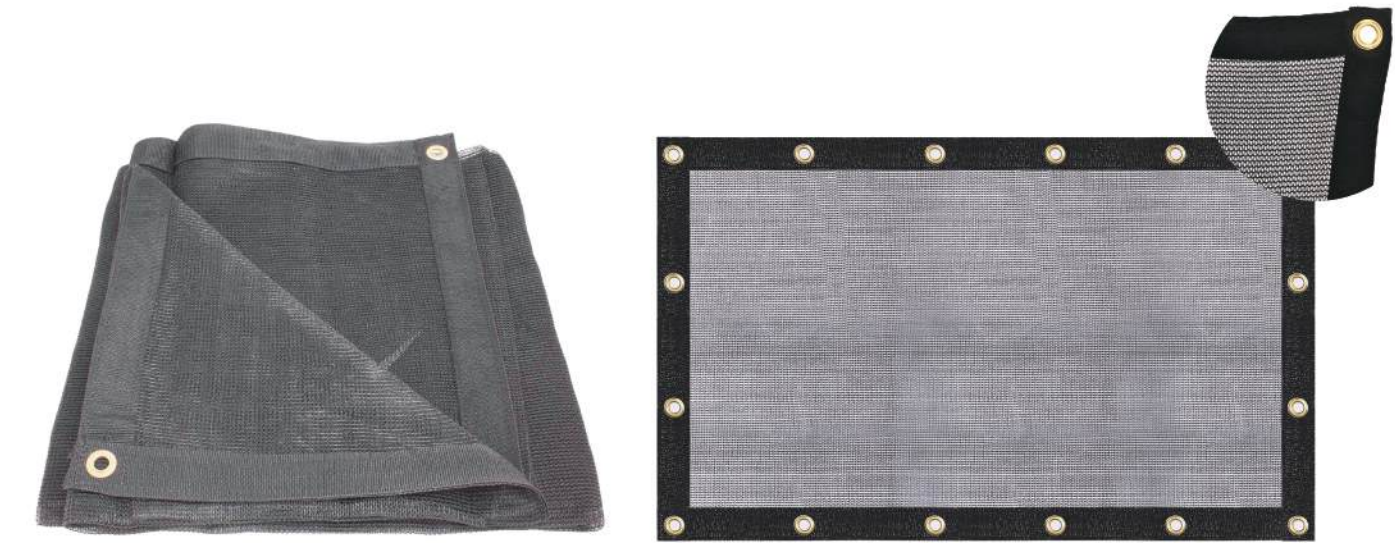

Applications

- Scaffolding net & enclosure
- Contains debris, dust and other job site materials
- Guardrail safety barrier
- Construction windscreen & jobsite protection
- Building wrap
- Floor-to-ceiling netting
- Shade cloth

Mesh tarp

- 1/16" mesh hole openings ,made of 100% virgin HDPE .
- Brass grommets spaced apart every 2'on all edges .
- Double-stitch sides and all hems are re-enforced with polyester webbing,
- UV treated & protected
- Fire-Retardant: Meets NFPA 701 Method 2
- Will not unravel when cut
- Stays flexible in cold weather

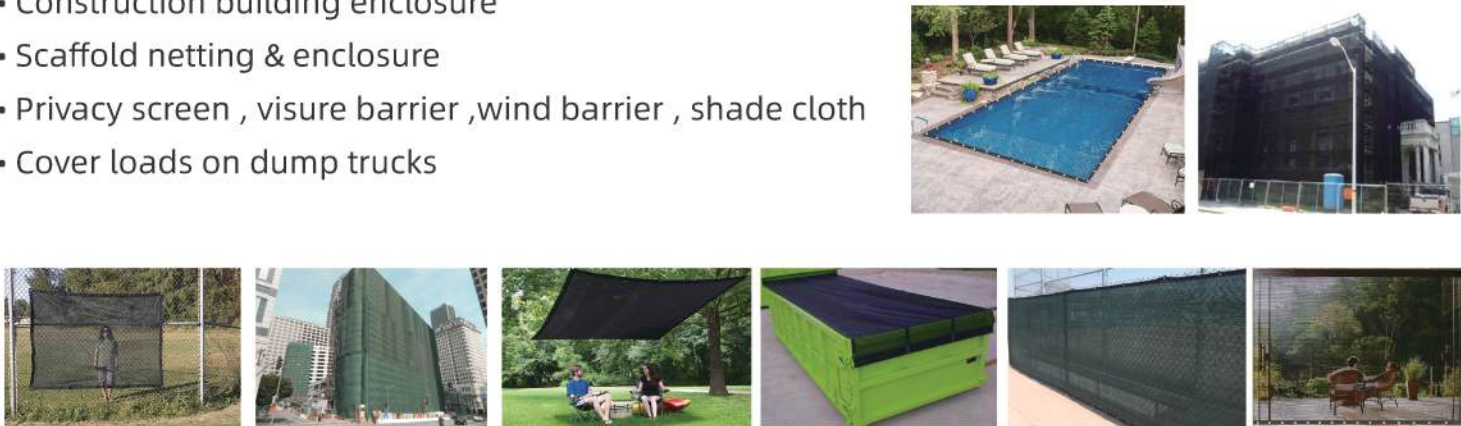

Colors (customize any color)

Multipurpose applications

- Construction building enclosure
- Scaffold netting & enclosure
- Privacy screen , visure barrier ,wind barrier , shade cloth
- Cover loads on dump trucks

Tape shade net

- Made of 100% virgin HDPE
- 30%-95% Shade rate
- Water-proof
- UV treated
- Width : 1m-12m (Any length is available)
- Color : Customize any color

Multipurpose applications

Resistant Sun Shade Net can provide enough shade and temperature reduction for courtyard, swimming pool, patio, open garage, garden, tennis courts, vegetable garden plants, green-house, chicken coop, also can be used as awning for pergola, window, carport and porch and privacy screen .

Shade sail

- Blocks 95% of harmful UV .
- Color : Customize any color

Colors(customize any color)

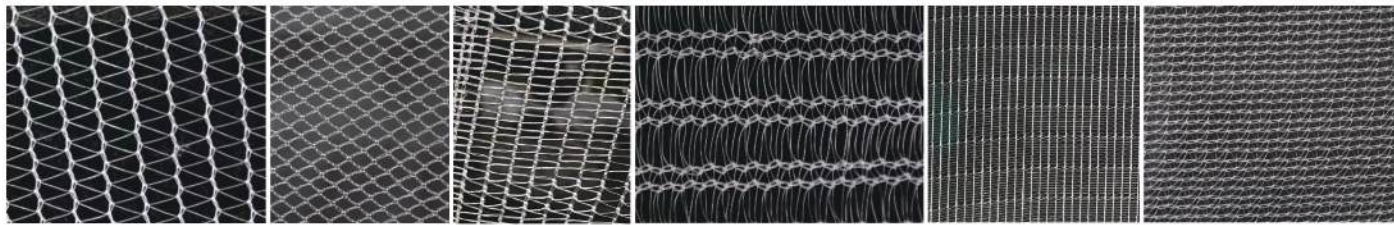

Anti hail net & Drape net

- 100% Virgin High density polyethylene(HDPE)
- Width: Maximum 12m
- Length: Available in any length
- Weight(GSM): 45g ,50g, 55g , 60g, 65g ,70g or as your request
- Color: Any color is available
- UV treated & protected
- Comprehensive protection against hail for crops,fruit or chard or other things
- Prevents damage from birds & fruit bats

Different mesh type options (customize mesh type)

Colors (customize any color)

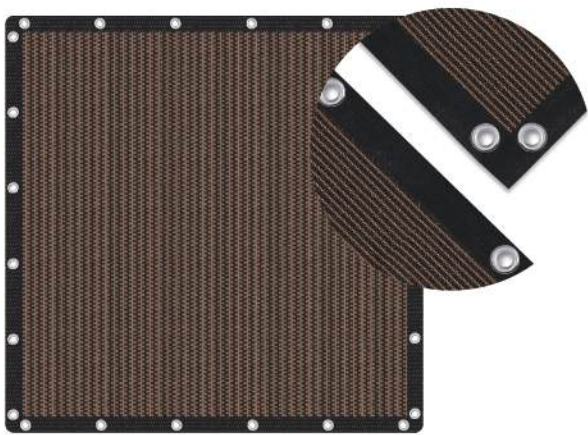

Applications

Privacy net

- Made of 100% Virgin High density polyethylene(HDPE)
- Width: Maximum 12m
- Length: Any length is available
- 90% VISIBILITY BLOCKAGE
- Edges are finished with heavy duty bindings and stainless copper grommets, all stitching are reinforced
- Any color is available

Colors (customize any color)

Applications

- Block nose neighbor see through, protect personal privacy from prying eyes
- Separate street, road, construction site
- Block surrounding noise and street view, stops dogs from barking at neighbors.

Olive net

- Made of 100% Virgin High density polyethylene(HDPE)
- Width: Maximum 12m
- Length: Any length is available
- UV Treated
- Any color is available
- It can also be used to collect a many of fruits such as wal-nuts, hazelnuts, chestnuts and plums, ect...

Different mesh type and color(customize mesh type , GSM and color)

Applications

Anti-bee net

- Made of 100% Virgin High density polyethylene(HDPE)
- Width: Maximum 12m
- Length: Any length is available
- UV-stabilized
- Any color is available
- Weather, water, and acid resistant.
- Allows the light, moisture, and spraying to reach the plants.
- Impedes the bees and other predators such as wasps , Restricts pollination.

Applications

Anti bird net

About this item

- Made of 100% Virgin High density polyethylene(HDPE)
- Width: Maximum 12m
- Length: Any length is available
- UV-stabilized
- Any color is available
- Weather, water, and acid resistant.
- Allows the light, moisture, and spraying to reach the plants.

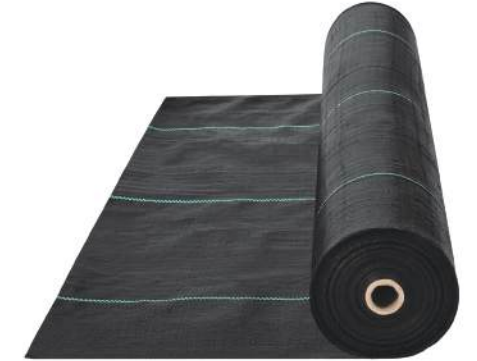

Applications

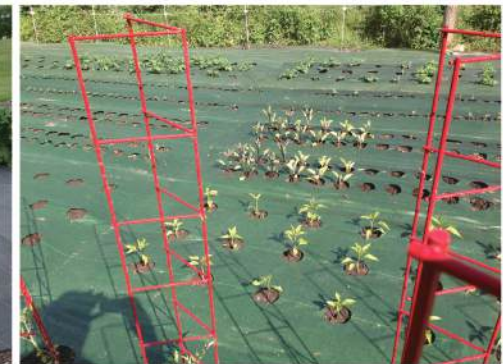

Weed barrier fabric

- Made Of Heavy-Duty Professional Grade Polypropylene Material, chemical free,durable, sturdy and corrosion resistant. .Keep the soil health.
- Heavy Duty Weed blocker fabric is needle-punched to transmit water and air, preserving the soil moisture. Fabric allows air and water through, superior permeability to keep the soil nourished
- Just Water Cleaning To Be Reusable

Widely Applications

Weed block works great as an underlayer for artificial grass, vegetable patch, flower bed,ground cover, garden, driveways.
